Book 1, Pages 172-178

Description: Membership in the Delta Regional Authority requires states to share in 50% of the annual costs of administration attributed to the operation of the Delta Regional Authority offices in Clarksdale, Mississippi. The “dues” allow us to continue to receive, as a member state, the allocation of Federal funds which we can distribute to eligible public applicants from the counties in southeast Missouri that make up our share of the federally recognized Delta. This appropriation represents our share of the administrative costs and our “dues”. This item is a placeholder only. This transfer provides funding for the state TIF program. We are requesting additional funds in the State TIF (Tax Increment Financing) program to cover obligated costs for the current projects utilizing the program. The current core for the TIF program is \$8,725,027. The projected amount needed for FY2012 is \$10,226,570; therefore, an amount of \$1,502,543 is needed to bridge the difference between the projected obligations and the current core amount. State TIF requires a General Revenue transfer into the State Tax Increment Financing Fund (0848).

MODESA– Section 7.070

Book 1, Pages 207-213

Description: This section provides funding mechanisms for the state tax diversions to the infrastructure project sponsor and for the reimbursements of administrative costs from the project proceeds for the Missouri Downtown Economic Stimulus Program (MODESA). Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. The net new taxes captured are used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties. MODESA is aimed at development in central business districts. GR transfers into the fund in the amount of the net new taxes captured and used to pay off debt are made by the Department of Revenue.

Description: The Jobs Retention Training Program offers an incentive for the retention of existing jobs by providing education and training to existing industries. House Budget Sub - The Governor recommended fund switching \$700,690 and 12 related FTE from GR to the Public Service Commission Fund. This was done by way of a core reallocation from the PSC to the OPC.

The Governor also recommended increasing funding for the OPC by \$708,294 and 12 more FTE. In the Governor's recommendation, however, the increased funding is shown as a core reallocation from the PSC (using the PSC Fund) and not as a new decision item.

In the draft HCS, that reallocation was reversed and the new funding to OPC is shown in this decision item. The Governor's amounts were not changed.
